Summary

Computer Science undergraduate with strong foundations in Python, Machine Learning, Deep Learning, and Full Stack web development. Experienced in building secure, AI-powered web applications using JavaScript, HTML, CSS, REST APIs, and modern ML frameworks and modern web Technologies. Seeking an ML / DL / Software Engineering internship to apply data-driven and secure software development practices.

Technical Skills

Programming Languages: Python, JavaScript, HTML, CSS

Web Technologies: Reactjs, Nextjs, Bootstrap, Tailwind CSS

Backend & APIs: Nodejs, Expressjs, RESTful APIs

Databases: MongoDB, PostgreSQL

Machine Learning (Basic - Intermediate): Machine Learning, Deep Learning

ML Frameworks: scikit-learn, TensorFlow,

Tools: Git, GitHub, Docker, Clerk, Stripe, Sentry, Supabase

Experience

Associate Developer Intern

Feb 2025 - Mar 2025

ArchakaOnline

- Developed responsive web interfaces using JavaScript, HTML, CSS, React.js, and Tailwind CSS.
- Implemented authentication and authorization using Clerk, following secure coding and best coding practices.
- Integrated Stripe payment APIs and protected routes using role-based access control.
- Optimized REST API performance to 80% and improved application efficiency through lazy loading to 87% and monitoring.

Projects

TekyTalk - AI-Powered Learning Platform

Next.js, Python, openAI, Deepgram, 11Labs, Supabase

May 2025 - July 2025

- Built an AI-powered learning platform combining machine learning concepts with real-time web technologies.
- Integrated speech-to-text and text-to-speech pipelines for voice-based AI interaction.
- Implemented secure user authentication, session tracking, and subscription management.
- Deployed monitoring using Sentry to identify and resolve production issues.

Activities & Hackathons

College Mentor Chatbot - NIT Warangal Hackathon

Nov 2024

- Built a chatbot application using Python, React and OpenAI APIs focusing on secure and scalable design.

NASA International Space Apps Challenge

Oct 2024

- Developed a responsive web application using HTML, CSS JavaScript, and 3D web technologies.

Education

B.Tech in Computer Science and Engineering

2023 - present

Vaagdevi College of Engineering, Warangal

GPA: 8.6/10

Certifications

- Data Structures and Algorithms with Java — Apna College
- Full Stack Web Development — Apna College
